Transits for Britney Spears Aug 2007 to Aug 2008

Introduction to Forecaster

There are two types of transits or movement of the planets - long term, and short term daily transits.

The long term transits can effect your birth chart for up to two to three months, and due to astrological cycles, these transits will occasionally recur during the year. The main thing to remember is that these transits represent trends and it is up to the individual to make the best of them. A good guideline is to take advantage of the good periods, and turn the not so good periods to your advantage! For example, if you are aware that you are likely to be argumentative on a particular day, then you may be able to divert your energies and avoid arguments or disputes before they happen. Astrology is not a tool of fate - it doesn't rule your life - it should be used as a guide. Ultimately, it is up to every individual to take control of their lives.

The short term daily transits usually only last a day or two - occasionally up to one week.

There will be times when several long term transits overlap, and may even counteract each other. The best thing to do is to read through the information carefully, and then integrate that information to create a whole picture for the period the transits are in effect.

Please bear in mind that unless the time of birth provided was exact, then it is likely that the exact effect of the transits may be felt either several days before or after the dates given. You will soon be able to regulate the pattern by following the transits carefully.

* *Transiting Pluto Sextile your Natal Pluto*

This could be a time of significant changes - it is certainly a time for positive, creative and effective action. But you must make the best of any opportunity that comes your way - don't expect everything to just land in your lap. Cultivate contacts, especially with people in authority. Make them aware of your special talents and abilities. Now more than ever they are likely to offer support and create opportunities for you.

It is time to discard anything that is no longer of use to you old worn out items, memories, feelings from the past which may, up till now, have prevented you from getting in touch with your deepest feelings and emotions. This is your chance to inject some fresh sparkle and meaning into your life; to start afresh and look to the future.

You will now also be looking for a deeper meaning to your life and therefore you will now rely more on your intuition and telepathy and tune in to the messages that your inner self is sending.

As your mind will be so intuitively sharp, this would also be an excellent time to involve yourself in any form of research or investigation. Not content with superficial answers to questions, you will delve deeply in order to unearth and understand the truth. You may now come across some secret information previously hidden from you. In any case, the answers that you find may completely change your attitudes to life and way of thinking.

From about: 1 Aug 2007 to about: 7 Aug 2007

* *Transiting Saturn Sextile your Natal Pluto*

Success is likely through hard work. Although your powers of endurance may be tested, you should emerge victorious from any battles fought. Because of your patience, excellent organisational abilities and far sightedness, this is a time to reinforce the structure and foundations of your life, against the possibility of future problems. Despite your determination to succeed by staying within your own physical and mental limits - you will actually achieve more.

Therefore, this is a time of self discipline, with excellent clarity of thought which will enable you to focus your thought and turn positive plans into positive action. You should now have the strength, determination and

concentration required to achieve personal and professional goals and ambitions, and you will be down to earth and honest in all your dealings.

This is an excellent time to negotiate contracts and agreements, as no detail will be overlooked and you will be willing to contribute more personal effort and time into any project.

New friendships could be formed, possibly with older and more mature individuals. You will rely on these loyal, dependable friends for their truthfulness and excellent advice. You will also now be more willing than usual to work in a team effort, rather than go it alone.

From about: 1 Aug 2007 to about: 31 Aug 2007

** Transiting Jupiter is Conjunct your Natal Sun*

This could be an excellent and beneficial period ahead. You will be feeling out-going, optimistic - and health should finally improve. Armed with more energy and enthusiasm, you will be ready to tackle any obstacle head-on!

During this time it may seem as if everything is working out perfectly, just the way you want it to. But don't expect all the opportunities to just land in your lap - wasted chances can't be blamed on anyone but you! So, if opportunity does knock, open the door and boldly stride forward.

Suddenly, you will feel the urge to live life to the full - and not do anything by half measures. You will not be frightened of treading new exciting and adventurous paths.

But despite all this optimism, do watch out for some pitfalls, the main one being over-exertion. In your exuberance to catch up with lost time, you might find that you over-reach yourself, over-extend yourself in some way, or simply exhaust yourself! Do try and exercise a certain amount of restraint.

Financially, this could be a very lucky and lucrative period, but be careful of too much extravagance. If you are fortunate enough to come into some extra cash or a bonus, then don't blow it all in one go. Save a little for those rainy days.

From about: 25 Aug 2007 to about: 31 Dec 2007

** Neptune is Trine your Natal Saturn*

This is a time for calmness and serenity. Creativity will be greatly enhanced. You will now be able to structure your powerful imagination in a positive, constructive way. Ideas, thoughts and plans could now become concrete reality. You will have a better understanding of your life - and the paths that you've chosen to follow. Feeling optimistic about the future lessons and experiences from the past will now be put into practice and into good use.

Putting others needs before your own you are now likely to give a friend in need a helping hand. Thoughts and studies are also likely to turn more spiritual and meditative. You will now be more prepared to listen to your inner voice and intuition. Memory recall should also be greatly improved.

This is likely to be a time when you will reap the rewards of previous hard work and effort. If important business decisions need to be made, then rely on your intuition - it will steer you in the right direction. Others will rely on your decisions, as they will sense that you are able to create clarity out of confusion.

From about: 13 Apr 2008 to about: 19 May 2008

** Transiting Saturn Square your Natal Uranus*

This is a time of testing. Events will change your life. However, if things start to go wrong - then instead of losing your temper and blaming everyone but yourself - examine the situation carefully and analyse what is happening. The answers may surprise you and you will probably find they have a strong connection with past events or your own past actions.

However, circumstances may bring about sudden changes or problems in either your personal or professional life. This will undoubtedly cause tension especially if previously unforeseen difficulties and obstacles block every effort that you make. This will not be the best time to produce good results from a team effort. Try to work alone.

Financial problems could cause legal difficulties. Also, this is a time to beware of sudden accidents. Avoid making business or property related decisions around now, as you may find problems with the legal side of the transaction. You may also have problems with parents, or older people in authority - either in your personal or business life. Personal and love relationships may also suffer traumatic changes around now.

From about: 31 Aug 2007 to about: 19 Sep 2007
From about: 13 Apr 2008 to about: 25 May 2008

* *Transiting Saturn Sextile your Natal Jupiter*

This would be the perfect time to plan for the future - as you will now be prepared to explore and expand into new areas, but with a certain degree of caution. This is a time when a sense of adventure is perfectly balanced with good old fashioned common sense! This is a time for learning and for turning dreams into reality. Make the best of any opportunity that comes your way and it is likely to!

All financial matters and investments should proceed smoothly - and could prove extremely lucrative. Being more serious minded regarding money, you will not be willing to take risks, and therefore all financial strategies will now be well planned. Promotion or business expansion is likely.

Help and support may come from established and respectable sources possibly from older people, or from your parents or people in some kind of authority. Legal, insurance and tax matters should also proceed smoothly.

From about: 7 Sep 2007 to about: 25 Sep 2007

* *Transiting Jupiter is Sextile your Natal Moon*

This should be a happy, cheerful and peaceful period in your life with friendships playing an even more important role in your everyday affairs. In particular, there is likely to be more contact with women with a friend, wife, or even business partner bringing more comfort and stability into your life.

If a friend asks you for help then don't hesitate doing what you can for them. In time to come this favour (and many more) will be returned with the same love and support that you, yourself, gave.

You may find yourself dealing with the public much more than usual during this time but be confident because the outcome will be extremely successful.

Expect some contact from abroad especially from friends and family living overseas. They may even surprise you with a visit or a phone call

Finances and cash flow should finally look more prosperous.

** Transiting Saturn Sextile your Midheaven*

This is a time when you will become upwardly mobile, especially in terms of career advancement a time of a steady climb through the ranks to the top. Friends, parents and people in authority will recognise your discipline, determination and effort and will therefore help you to move along that next important stage in your professional life.

This should be a time of accomplishment with much energy and enthusiasm being devoted to the pursuit of dreams and ambitions. However, do make sure that you are fulfilling your own ambitions and not someone else's dreams. This could also be a time of steady stability and security in your home and personal life. You may even find yourself continuing or carrying on an old family tradition in some way.

** Transiting Saturn Square your Natal Mercury*

During this time you may have trouble communicating with others trouble in getting your message across. You may feel as if everything you say is misunderstood - this will either cause a feeling of hopelessness or sheer anger and frustration. You simply cannot understand why others don't understand your point of view.

But, could it be that you've become too set in your way of thinking? Are you actually listening to their point of view as well?

This is a time when you should avoid negotiating legal, financial or business transactions as you, yourself, may have trouble in either understanding red tape or interpreting the fine print.

In your work or study, you could be burdened with extra responsibilities and heavy burdens, made even more difficult by an inability to concentrate.

Health could also be affected during this period, especially anything to do with the throat, lungs or any other illness, which could affect your speech.

From about: 25 Oct 2007 to about: 6 Nov 2007

** Transiting Jupiter Sextile your Natal Saturn*

This would be the perfect time to plan for the future - as you will be prepared to explore and expand into new areas but with a certain element of caution. This is a time when a sense of adventure is perfectly balanced good old fashioned common sense! This is a time for learning and for turning dreams into reality. Make the best of any opportunity that comes your way.

All financial matters and investments should proceed smoothly - and could prove extremely lucrative. Being more serious minded regarding money, you will not be willing to take risks, and therefore all financial strategies will now be well planned. Promotion or business expansion is likely.

Help and support may come from established and respectable sources possibly from older people or from your parents or people in some kind of authority. Legal, insurance and tax matters should also proceed smoothly.

From about: 12 Nov 2007 to about: 25 Nov 2007

** Transiting Jupiter is Square your Natal Mars*

During this period you really will not take no for an answer! However, avoid being narrow-minded you can't be right all the time, and certainly don't allow your sense of self-importance to become over-inflated.

Being self assertive is one thing, but at times over-confidence can seem rather arrogant and opinionated to others. Unfortunately, lacking both tact and moderation, this is a time when you could really put your foot in it! Slow down a little both in thought and action.

Beware extravagance in all financial, business and career matters. Avoid exaggeration and don't promise more than you can deliver and don't become involved in shady business deals which are just slightly on the wrong side of the law. This would certainly not be the best time to fight any legal battles.

You could have problems with people in authority during this time - taking orders and instructions could prove somewhat difficult as you will be under the impression that you know better. Your behaviour could even become somewhat threatening.

Anything to do with foreigners, foreign places or travel could be somewhat precarious during this time - so avoid taking foolish risks. If on holiday, then don't, for example, go for a moonlight stroll through the seedy end of a foreign town. Stay in safe and well lit areas.

From about: 19 Nov 2007 to about: 25 Nov 2007

** Transiting Jupiter Conjunct Natal Neptune*

During this time the deeper, more profound and perhaps even spiritual meaning of life will be addressed. Your own individual religious beliefs will dominate your thoughts and being.

You may seek to "find yourself" through travel, perhaps even go on long distance journeys, on a particular kind of pilgrimage. This could be a search for religious experiences, or to satisfy a charitable need to help the underprivileged of this world.

Feeling a surge of warmth and compassion towards everyone around you, generosity of spirit and sympathy will now come to the fore. Family, friends, and anyone in need, will now benefit from your kindness and understanding.

If artistically inclined, then this could be a time of great inspiration and creative achievement.

However, there is also a word of warning with this transit. You may also try to escape the harsher realities of life by preferring to live in a world of daydreams. Therefore, this wouldn't be the best time to make any major decisions concerning your future, especially financial decisions. Gambling and speculative investment should also be avoided until this transit has passed, as at this time judgement may be clouded by ideals rather than practical considerations.

From about: 25 Nov 2007 to about: 7 Dec 2007

** Transiting Jupiter Sextile your Natal Pluto*

Sensing inevitable changes in your life this is a time for restructuring and planning ahead for the future. Travel is likely. You will also demand more personal freedom and independence. After all important decisions can't be made if you are feeling trapped and hemmed in by restrictions.

However, do take the advice of older people or people in authority. What they are telling you now is sensible, practical and should be heeded.

Feeling powerful and in control, you will want to be the one calling the shots you will want to be the one in control. And thankfully to your benefit others will be willing to allow you to take control. Sensing your confidence and determination, they will now be satisfied to follow your lead. As long as your behaviour remains reasonable and considerate there should be no major ego conflicts at this time - despite your tendency to dominate.

You also may suddenly develop a deeper interest in mystical or spiritual matters. Perhaps you will now be introduced to new beliefs or old ones will be reinforced. In any case, this would be an excellent time to study and appraise spiritual beliefs.

From about: 19 Dec 2007 to about: 25 Dec 2007

** Transiting Jupiter Sextile your Natal Jupiter*

This is a time of learning a time when lessons and knowledge can be absorbed more easily. Life will flow more easily - and much can be accomplished with seemingly very little effort.

This could be a period of steady growth especially in all business, legal and financial matters. Also, recognising that you are going to need the support and co-operation of friends and colleagues, you will win their trust and confidence through honest and fair dealings. Not feeling threatened, they will help you along the path to success.

Relationships with family, neighbours and close friends should also improve.

The possibility of travel to foreign lands is likely. If you are unable to travel, then expect some contact or communication with foreigners or family and friends living abroad.

From about: 25 Dec 2007 to about: 6 Jan 2008

** Transiting Jupiter Square your Natal Ascendant*

This is a time when you will try to use other people, be they either personal or business contacts, to get ahead in life. But beware arrogance and be careful not to end up taking everything and giving nothing in return. Remember to help those who have helped you.

Also, financial extravagance and blind optimism could also deplete cash flow - you may feel as if your luck is in, but don't be fooled by superficial gloss and dubious get-rich-quick schemes.

A devil-may-care attitude, a desire for danger and adventure and impulsive restlessness could cause you to rush headlong into action without sufficient forethought. You could therefore be prone to accidents.

Emotionally, you may be torn between security and freedom. Partners, lovers and family may find your behaviour selfish and overly dramatic. You may even avoid the truth or exaggerate events and circumstances. Beware being too possessive or jealous. You can't demand freedom, and then refuse to give it!

From about: 25 Dec 2007 to about: 6 Jan 2008

** Transiting Jupiter Opposite your Midheaven*

A certain amount of soul-searching and delving into the past is likely to pre-occupy your time. Contact with parents, or close relatives, could help answer some unresolved questions.

In the mood to consolidate and introduce more luxuries into your daily routine - you may now take stock of all that you materially own and decide to buy even bigger and better. Keep a tight rein on purse strings because this could be an expensive time ahead!

For instance, a bigger house, car or you may even make unexpected long term investments in land and securities. You may even decide to make your family bigger and better expanding numbers, so to speak! In any case, you will certainly try to make your personal and home life as secure, comfortable and luxurious as possible.

One word of warning, be careful not to over-extend or over-commit yourself. Don't promise more than you can deliver! No matter how much you think you can handle, you are only human, and you will get tired from time to time. Make sure that you allow yourself plenty of time for rest and relaxation.

From about: 24 Jan 2008 to about: 12 Jun 2008

** Transiting Pluto Sextile your Natal Jupiter*

From about: 19 Mar 2008 to about: 31 Jul 2008

** Transiting Neptune Sextile your Natal Neptune*

This is a time of new beginnings and the dawning of new spiritual understanding and maturity. Intuitive and psychic abilities should increase - and you will now learn to listen to and trust your inner voice. This period could also be a time of testing the testing of your own inner strength and will-power.

You will now need to quench an insatiable thirst for new experience therefore changes in your lifestyle are likely. Many people with this transit find themselves in new relationships, careers or homes! Others will throw caution to the wind sacrificing the security and stability to follow their dreams.

From about: 19 Mar 2008 to about: 31 Mar 2008

From about: 18 Jun 2008 to about: 1 Jul 2008

** Transiting Jupiter Square your Natal Saturn*

There is a certain amount of tension and confusion in your mind as to what to do next. One minute you could be feeling elated as if you could conquer the world and the next minute plunging into the depths of depression questioning and doubting your own abilities. However, don't reject any changes in your life, no matter how disruptive.

If opportunities do come your way during this period then take them even if you are in one of your "doubting" moods. These opportunities will represent a new chance to break free from outworn inhibiting habits and circumstances.

Don't worry if you feel that you are sometimes taking one step forwards and yet another step backwards this period is all about balanced personal growth for everything you learn something will have to fall by the wayside maybe an outworn idea maybe a mundane job maybe even a stale relationship but whatever you've now cut out of your life, it is because it is no longer needed.

Something hidden from your personal past may now come to light.

Patience will be needed during this time, don't rush plans and ideas. Put temporary brakes on any major financial or business plans whilst there is so much confusion concerning your future. Wait until the dust settles. There may also be some conflict between your personal life and career with one seemingly interfering with the other. Be prepared to compromise and find a balance between these two important areas of your life.

From about: 1 May 2008 to about: 19 May 2008

** Transiting Jupiter is Trine your Natal Mars*

During this time, you will put others before yourself and will be seen as self-confident, sympathetic, generous and optimistic. You may devote time and energy to helping those less fortunate than yourself; or simply by having a strong shoulder for a friend in need to lean on. Past grudges should now be forgiven, forgotten and well and truly buried.

This would be an excellent time to start anything new. Feeling restless, adventurous and extremely receptive to new ideas, you will now be looking to do something completely different - and whatever you do start

during this time should turn out well. Business deals should be particularly profitable around now.

Freedom and a sense of independence will also be of importance to you so there will be the temptation to break free of any restrictions - be they personal or professional - which are seemingly holding you back and keeping you stuck in a rut.

However, putting other people's needs before your own, you will not be selfish in whatever action you take. If you are going to break free, then it will be done in such a way as to consider other's feelings. In fact, during this time, new exciting and unusual friendships could be formed.

Some pleasant news or a small unexpected windfall may also come your way as a sort of "thank you" for a favour done in the past a favour long forgotten by yourself, but not by the recipient. All good things come to those who truly deserve them!

From about: 25 May 2008 to about: 25 Jul 2008

** Transiting Uranus is opposite your Natal Mars*

An incredible restless dynamic energy will make you crave for personal freedom and independence during this time. Restrictions in your life simply will not be tolerated and you will rebel against anyone trying to hold you back. People with some kind of authority over you, such as employers, parents or government officials are now likely to bear the brunt of your rebellious and angry nature. You are now prepared to do battle - and nothing and no one will stand in your way!

If you are usually a very placid person, sensitive to other people's needs more than your own then don't be tempted to hold all this rebellious anger within you - just for the sake of keeping the peace. All this dynamic energy must find an outlet possibly even through hard physical work - otherwise pent-up emotions could lead to illness.

There is another scenario to the planetary aspects affecting you at the moment. You may find that a close loved one, may actually rebel against you - perhaps you haven't been allowing enough personal creative and emotional freedom to certain individuals.

Being more willing to take impulsive risks during this time - you may find yourself more accident prone than usual. So take special care when driving a car, or handling heavy and dangerous machinery.

This concludes Britney Spears Transit interpretation.
